# Helping You Retire With Confidence

Achieve financial security and confidence  
throughout your entire retirement.

# What you should expect from Annuity Gator

**Annuity Gator makes the process of planning for retirement and choosing the right annuity much more convenient, while at the same time keeping it personal.**

We specialize in helping Americans financially prepare for retirement with the proper use of annuities. Our technology scours our up-to-date Annuity Review Database to evaluate hundreds of annuities of all shapes and sizes, from top-rated insurance carriers.

By delving into the good, the bad, and yes, sometimes even the ugly, you'll find everything you need to know for determining whether or not a particular annuity may (or may not) be right for you.

Yet, while we provide a myriad of annuity information directly on our website, we know that the process of narrowing down the right annuity can be somewhat challenging.

Our team will provide you with retirement planning guidance and annuity recommendations to help you reach your retirement goals.

We help take the mystery out of annuities by answering some of the most commonly asked questions in a simple, personalized way.

# Why choose Annuity Gator to help you financially prepare for retirement?

“

Generating income for your needs, not ours.

”

Our entire business model is centered around educating people about annuities and how they can be used for achieving financial goals like:

Covering your monthly income needs with a guaranteed check that will last your lifetime.

Growing your assets and protecting them from market losses.

Paying for costly health or long-term care needs.

Leaving a legacy.

We know that once you retire, the way you manage your money changes. It's no longer about taking on bigger risks to maximize your potential return. It's not about complexity, in fact it's the opposite. It's about simplifying, minimizing risk and optimizing cash flow.

It's about having enough income coming in every month so you can make your retirement lifestyle a reality.

Using our proprietary technology, we'll help you eliminate all of the confusion and guesswork that typically comes with choosing the right financial tools to fit your specific short and long-term goals.

We work with numerous of the top-rated insurance companies, so rather than trying to sell you limited – and often inadequate – products from just a few small “shelves,” we can go out into the marketplace and match you with a more customized plan that is based on your specific needs.

So, unlike insurance and financial salespeople who work for a single company, we are independent and can work with any company. We are not beholden to any one company, instead we will show you the companies that offer the best benefits for **YOU**.

& Licensed Advisor

Barbara Halperin has more than 20 years of experience with helping to grow her clients' assets with zero market risk, as well as with lowering their taxable income.

With retirees' fear of running out of money, Barbara shows her clients how to access tax-favored retirement dollars, as well as how to multiply their IRA dollars and to ultimately leave an income tax-advantaged inheritance to their loved ones.

Barbara has worked closely with Patrick Kelly, author of *Tax Free Retirement*, *The Retirement Miracle*, and *Stress Free Retirement*. She also works with Brett Kitchen and Ethan Kap, the authors of *Safe Money Millionaire* and *Wealth Beyond Wall Street*. Barbara helps her clients take advantage of section 401(a)9 of the Federal Tax Code-which is now the second largest tax break in the IRS code. Barbara's articles have been featured in *Forbes* and other noted financial publications.

A graduate of Northwestern University in Evanston, Illinois, Barbara and her husband Larry have four children and 11 grandchildren. They reside in Lincolnshire, Illinois, a suburb of Chicago. When not working with her clients, Barbara enjoys spending time with her family.

# A Special Message From Our Team

In a world where we are all bombarded by thousands of messages every single day, it can be hard to separate fact from fiction. But, when it comes to your financial security, knowing what – and who – to listen to is crucial.

We promise to be honest with you. It's simple and may even sound mundane. But in an industry overrun with confusing jargon, fancy brochures and commissioned salespeople, we're here to deliver it to you straight. So, what can you expect when you work with an Annuity Gator licensed professional?

## We promise to be:

**Honest.** While financial tools like annuities can certainly offer many benefits, there are also some areas you need to look out for. We feel that knowing the **WHOLE** story allows you to make a much better decision regarding whether or not a product is truly right for you.

**Transparent.** Likewise, we promise to provide you with full disclosure regarding any surrender fees or other rider fees you may incur if you decide to move forward with purchasing a particular product or building an income plan.

**Professional.** Our annuity experts are all licensed financial advisors that are fully vetted and have passed rigorous licensing and training requirements, and strictly abide by ethics and fiduciary standards. No insurance company's incentives or compensation impacts the recommendations we make. **At Annuity Gator, we work for YOU – and we take that responsibility very seriously.**
